Instructions to Connect to IIT Bhilai Wi-Fi

1. **Connect to the Wi-Fi Network:**

   - **SSID (Network Name):** IITBhilai

   - **Password:** iitbhilai

2. **Authentication Page:**

   - Once connected, a login/registration page will automatically open in your browser. If it doesn't open automatically, visit the following URL manually: **http://cpp.iitbhilai.ac.in:8080/**

3. **Login Credentials:**

   - **Username:** dav

   - **Password:** wOrk$Hop@lITbh

4. **Device Registration:**

   - In the registration form:

     - **Device:** Enter the name of your device (e.g., Laptop, Phone).

     - **Use:** Select or type **"self"** as the purpose.

   - The MAC address of your device will be fetched automatically by the system.

5. **Complete the Registration:**

   - Submit the form to complete the registration process.

   - After successful authentication, your device will be connected to the IIT Bhilai network.
